

Multiplying Disciples Today

a morning with Steve Addison

It all begins with making disciples.

On the morning of Friday 16th October, Steve Addison will be reflecting on what he has been observing about practitioners who are effectively involved in *multiplying disciples* both in Australia and overseas.

Steve Addison is the author of the recently published *Movements that Change the World*.

Steve has been a life-long student of movements that renew and expand the Christian faith. He distils the characteristics of dynamic movements and makes them available to leaders committed to the multiplication disciples and churches.

Steve began his research into Christian movements in the late 1980s while serving as a church planter in Melbourne, Australia. He carried that interest into his Doctor of Ministry with Fuller Seminary. Steve serves the Director of Church Resource Ministries (CRM) Australia.
